

# THE WAY TO PLAY!

VINYL PLAY SETS VOLUME 23

# THANK YOU for your interest in Adventure World Play Sets!

## OUR VISION, MISSION, & PURPOSE

**Our Vision** is to be the premier play set crafter today and tomorrow.

**Our Mission** is to act with integrity in all we do to create the safest play and best entertainment experiences that grown-ups trust and children love.

**Our Purpose** is to create unforgettable childhood memories.

Our dealer commitment is to build strong relationships with our national network of preferred dealers based on respect, trust, and our personal values that guide our day to day actions.

**Our swing sets are proudly made and  
manufactured in the USA.**

# OUR GUARANTEE/WARRANTY

# CONTENTS

As parents ourselves, we wanted a warranty that is simple, easy to understand, and protects the purchaser. We felt our warranty should reflect our confidence in the high-quality swing set that we offer. That is why we came up with our industry-leading warranty.

**Warranty protection from date of original purchase.**

## 1 YEAR WARRANTY

No questions asked! If anything on your swing set breaks, fades, or affects the integrity of the swing set, we will send a crew out (within 200 miles of any of our warehouses) to fix the issue. The only exception is willful damage, normal wear and tear, or an act of God. If you are located farther than 200 miles from our closest warehouse, we will ship the part to the closest dealer or directly to your house.

## 5 YEAR WARRANTY

Your swings, slides and accessories are guaranteed against manufacturer defects. We will send the part to the closest dealer in your area. If you don't live close to a dealer, pay for the shipping, and the part will arrive at your house.

## 20 YEAR WARRANTY

Your swing set frame is guaranteed against manufacturer defects. We will send the part to your closest dealer. If you don't live close to a dealer, pay for the shipping, and the part will arrive at your house.

# THE SAFE WAY TO PLAY

Vinyl covering means children can hold-tight without getting splinters!

Adventure World Play Sets are made in the USA and constructed following the highest standards. The following quality and safety features are standard at no extra cost on all of our play sets.

## QUALITY

- Use of pressure-treated lumber (rather than untreated wood which is susceptible to rotting in a few years) covered with vinyl combines the strength of wood with the easy care of vinyl. Vinyl covering also resists wood boring insects and bees.
- Use of heavy-duty walled vinyl adds strength, is fade resistant and is easy to clean; occasional rinsing is all you need to keep your play set looking great.
- Powder-coated brackets resist peeling and rusting.
- Stainless steel bolts and chains will not rust.
- Heavy-duty corner construction is through-bolted with two steel angles; we do not use wood lags, which connect by being driven only half way into the beams.
- Long-lasting poly-lumber roofs – instead of canvas – resist high winds.
- Durable structural parts and sturdy construction create stable play sets that won't tip in high winds or as children swing.

## SAFETY

- Vinyl creates a safe, smooth surface that is splinter-free without surface cracks, checks or knotty appearance.
- Entrance ladders come standard with non-slip steps and safety rails.
- Rubber-coated swing chains provide a soft, pinch-free grip.
- Wood-grain texture on decking and rock walls increases traction.
- No shortcuts by using exposed wood on decking underside that risks splinters and cuts from cracks in wood; our play sets feature vinyl covering throughout.
- Heavy-duty swing hangers feature spring clip for easy height adjustment and swing change.
- Two ground anchors included with each swing beam.
- No overhead climbers with swings attached.

# THE ACTIVE WAY TO PLAY

According to the Centers for Disease Control and Prevention, children should aim for one hour or more of physical activity per day. Playing on play sets gets kids' hearts pumping and strengthens muscles and bones.

Let the adventure begin!

# Build Your Adventure!

## OUR PACKAGES

On the following pages, you'll find photos and dimensions of each tower as part of pre-created packages. Packages reflect each available tower size — single, double and triple towers with single or multiple level decks of varying dimensions.

## CUSTOMIZE YOUR PLAY SET

Packages are available as is, or can be used to get ideas for a completely customized play set. Customize your play set by beginning with Step 1 "Choose Your Tower Unit" on page 38 where you'll find the details of all tower options and available deck dimension for each tower type.

# DESIGN YOUR OWN CUSTOM PLAY SET

online at **adventureworldplaysets.com**

Our easy to use design center helps you create the play set of your dreams. The only limit is your imagination.

## FOLLOW THESE EASY STEPS TO GET STARTED:

Go to  
**Adventureworldplaysets.com**

Click on the 3-D rendering of the play set in the middle of the page.

**Enter your zip code** in the pop-up window to launch a new browser window for the 3D Design Center. When it finishes loading, you will see an empty back yard to start building your play set in!

**Click the tower icon** on the left to choose a tower.

Your tower will be “attached” to your cursor. Click to release it in the middle of your back yard.

**Click the roofs icon** to view your roof choices.

## CHOOSE YOUR COLORS

Choose your structural beam color and then choose your accent color. Accent and accessory colors—including rock wall rocks—can be mixed upon request at no additional charge.\*\*

*\*\*Premium colors require an additional charge.*

### STRUCTURAL BEAM COLORS

Follow the rainbow of color options to match any style.

**STANDARD ALMOND VINYL\***

**PREMIUM WHITE VINYL\***

*Shows dirt more easily than other colors*

**PREMIUM BROWN VINYL\***

### Wood-Grain Brown\*

This premium color offers the aesthetic, natural appearance of wood, combined with the easy care of vinyl. Here's what makes this color special:

- Matching brown roof, rails, and brackets are standard
- The same durable, fade-resistant, splinter-free, maintenance-free surface as the standard vinyl
- A wood appearance that blends into natural surroundings, hides dirt, and never requires staining

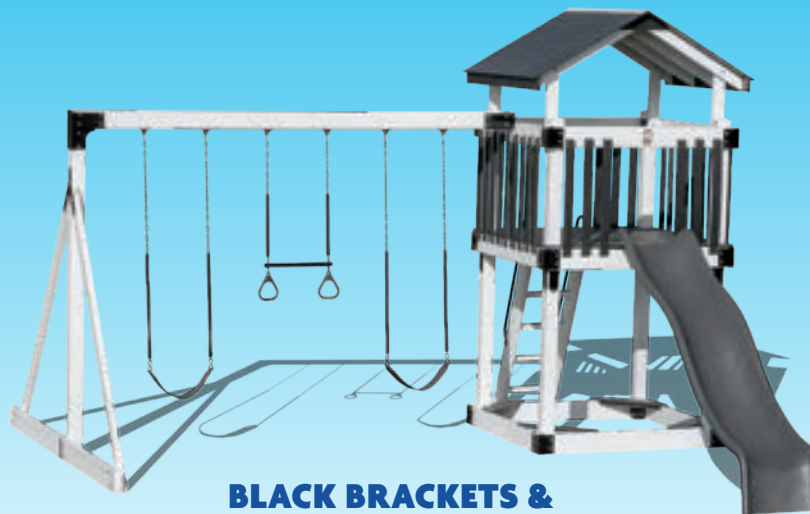

# ROOF, RAILING & BRACKET COLORS

Standard accent colors for roof, rails and brackets:

- Red, green, blue, black, and brown

Standard accessory colors:

- Most swings are available in blue, green, red or gray; see page 50 & 51 for details.
- Slides are available in blue, green, red or gray; see page 52 & 53 for details.

**BLACK BRACKETS & ACCENT COLOR**

**RED BRACKETS & ACCENT COLOR**

**GREEN BRACKETS & ACCENT COLOR**

**BLUE BRACKETS & ACCENT COLOR**

**BROWN BRACKETS & ACCENT COLOR**

When choosing your colors, keep in mind that most swings are available in red, blue or green. See page 50-51 for details.

# STEP 3

## CHOOSE YOUR ROOF

Adventure World Play Sets' long-lasting, poly-lumber roofs resist high winds and are made with recycled HDPE plastics – the kind of plastics found in milk bottles.

The big bad wolf can huff and puff, but he won't blow this roof down!

### VINYL PEAK ROOF

*Roofs are available in green, red, blue, black or brown.*

### DOUBLE ROOF

A double roof is a good choice for split-level towers.

SHOWN IN  
**BROWN**

### **SWING FRAME ROOF**

The Adult Love Seat and Wheel Chair Swing (page 36) are available with or without a roof.

### **HAPPY HIDEOUT PLAY HOUSE ROOF**

All Happy Hideouts include a standard roof.

# STEP 4

## CHOOSE YOUR ACCESSES

Tower accesses are available in green, red, blue, black, or brown.

Children build balance and strength as they climb the accesses to their towers.

### GANGPLANK

Can be easily exchanged with entrance ladder. 11' long.

### GRAND GANGPLANK

Like our original Gangplank, but featuring railing instead of rope. 11' long.

### ENTRANCE LADDER

Features non-slip steps and safety rails.

## CHAIN LADDERS

Fastens to play set on top and bottom only. This flexibility adds excitement as well as improves balance and strengthens muscles as kids climb.

*Chain ladder available in silver only.*

### CHAIN LADDER

For any tower with a 5' deck height and 4' or more wide.

### SMALL CHAIN LADDER

## ROCK WALLS

A favorite among kids, rock walls can easily be added to any package. They are 5' or 7' long depending on deck height. Includes rope that is fastened at top and bottom for safety.

### ROCK WALL

For 5' or 7' deck heights.

### SMALL ROCK WALL

A smaller rock wall, not as wide. Not available for 7' deck heights.

*Rock wall rock colors of green, red, blue, black, or gray can be uniform or mixed.*

Our access options add character to trigger a world of creative adventures!

### GRAND STAIRWAY

Our newest access option allows children to ascend their tower in regal style.

### GRAND STAIRCASE

Five platform steps with railing and landing, approximate 8.5" rise each.

# STEP 5

## CHOOSE YOUR CONNECTORS

If your play set has two or more towers, or you're combining two packages, you'll need a connector.

Our crawl tube or bridge options are sure to entertain.

### SWING BEAM

The swing beam also serves as a connector if opting for two or more towers.

*Brackets are available in green, blue, red, brown, or black.*

### CRAWL TUBE

6' long • Also available in 3' long and 9' long

*Available in green, blue, red, or gray.*

# OUR CUSTOMERS

## CUSTOM SETS DESIGNED BY OUR CUSTOMERS

Despite life's everyday challenges, Adventure World Play Sets create laughter and smiles that bring simple pleasures home. Here's a glimpse at some of our customers' back yards, and their custom play set creations.

## WHAT OUR CUSTOMERS ARE SAYING...

We purchased an Adventure World Vinyl play station from Back Yard Living at the end of May. The unit was delivered and installed in the timeframe quoted. Adam was very helpful with information on various units and manufacturers. We decided to go with the maintenance-free, all vinyl clad swing set, play station from Adventure World. Unit was professionally and thoroughly installed yesterday. This unit is extremely well-built and solid. Backyard Living was a pleasure to work with and we are extremely satisfied with the product we chose and the company who provided unit and installed. **I would wholeheartedly recommend** Back Yard living as your go-to company for your children's play station!!

~ D. Lake

Loved the 3D version of the playset. It came way before expected. The colors are bright and vibrant. Everything is super sturdy and well constructed. **My child is super excited** and will be very happy for many years to come.

~ K. John

Just got a wonderful playset for our preschool. It is fantastic!! **It has been an easy experience.**

~ B. Brown

Great customer service, excellent product, and fast delivery... The best part – the kids are ecstatic. After many searches for the perfect playground set, this is the best one out there. Low maintenance was an important factor for me (dad). The customization options are endless. Again, customer service was top-notch. **Highly recommended.**

~ N

You will not be disappointed with these sets! We have had one for 11 years now. Just washed it off with soap and a garden hose after winter and looks like it did when new! It might seem like quite an investment up front, but is worth it. We bought when we had our first son and now have four kids playing on it! Our grandkids will use this set someday. **Worth every dollar we spent on it!**

~ M. Gingerich

After carefully reviewing many playsets, we've found Adventure World to lead the play industry in quality and safety. Maintenance-free and built to last...**a choice you will not regret making!** Excellent craftsmanship and very sturdy and durable.

~O. Burkholder

Great quality playset. Arrived quickly. Installation and **communication** through J&R Mulch, Waynesboro, PA **was excellent.**

~ A. Hickman

# FREQUENTLY ASKED QUESTIONS

## Why vinyl?

Vinyl offers superior durability and safety as well as easy upkeep. Vinyl is fade resistant, splinter free, doesn't require staining or painting and resists wood boring insects and bees.

## What's under the vinyl?

Our premium play sets use pressure-treated lumber covered by heavy-duty walled vinyl. This combines the strength of wood with the easy care and safe, smooth surface of vinyl.

## What makes the play sets heavy-duty construction?

In addition to pressure-treated lumber under the vinyl covering, through-bolts and steel angles create heavy-duty corner and all-around construction. Metal powder-coated brackets and stainless steel bolts, screws and chains all resist peeling and rusting.

## Can I customize my play set?

Yes! Packages featured in this catalog show our most popular requests, and help you to visualize tower options. You can order a featured package as is, or use packages to get ideas for your custom play set.

## Can swings be switched or can we add to the set later?

As your children grow, baby swings can be switched for belt swings or other bigger-kid accessories. At a later date, you can also add swing beams or other features to build out your play set to accommodate changing needs and budget planning.

## Why can't I attach swings to an overhead climber?

Swings on overhead climbers create a safety hazard. When in use, a child using the overhead climber can easily get hit by a swinging swing. When swings are not in use, children using the overhead climber risk getting tangled in the hanging swings. As a result, Adventure World Play Sets does not permit swings on overhead climbers.

## Is there risk of the play set tipping over?

Our play sets are heavyweight and will not tip over in normal wind or use. Ground anchors also help secure swing beams firmly in place.

## Does my yard need to be level?

Yes, your yard should be fairly level to safely accommodate a play set. You also will need to locate your play set six feet away from any structure or obstacle.

## What type of surface is best for under our play set?

A shock-absorbing, protective surface, such as rubber mulch, is best for reducing the likelihood of injury from falls. Grass, dirt, carpet or thin mats lack the ability to absorb shock; concrete, asphalt and other hard surfaces are even more dangerous.

## Are Adventure World Play Sets guaranteed?

Our play sets come with a Limited 20 Year Warranty covering defects in workmanship and materials. Slides, swings and accessories are covered by a Limited 5 Year Warranty.

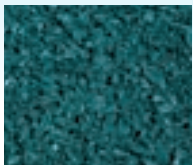

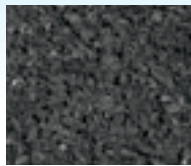

# RUBBER MULCH, MATS, & CURBING

A shock-absorbing, protective surface is top on the safety checklist for home playgrounds. Adventure World Play Sets recommends installing your home playground equipment over rubber mulch to reduce the likelihood of injury from falls. Grass, dirt, carpet, or thin mats are not considered protective surfaces because they lack the ability to absorb shock; concrete, asphalt or other hard surfaces are even more dangerous. Ground-level equipment – such as a sandbox – does not have an elevated play surface, and therefore does not need protective surfacing.

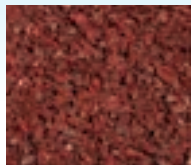

*Note: Rubber mulch, mats and curbing are not included in play set packages.*

## RUBBER MULCH

- Made from 100% recycled tire rubber.
- Non-toxic and meets federal flammability standards.
- Retains cushiony softness year round, and will not freeze.
- Stays in place even in windy conditions.
- Drains and dries quickly after it rains.
- Odor-free, non-staining and non-abrasive.
- Reduces dust and mud.
- Will not rot, attract insects, or promote insect breeding.

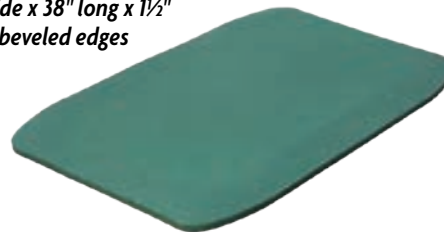

## RUBBER MATS

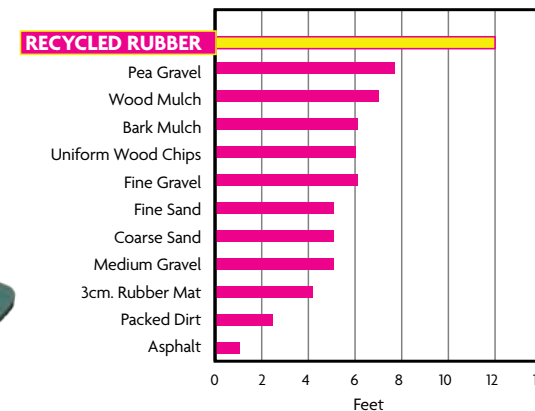

Colorful mats help minimize erosion under swings, or at the bottom of slide exits. They provide extra protection for shock absorption.

*Available in green only.*

*Size: 23" wide x 38" long x 1½" thick with beveled edges*

## SHOCK ABSORPTION OF A FALL

*This graph represents comparison findings of playground surface materials – including recycled rubber safety surface material identical to rubber playground mulch, produced by rubber mulch using the same equipment and processes. # STONE CURBING

- Faux stone looks natural like stone.
- Easy installation process. Hammer spikes to secure.
- Strong, durable and holds its integrity through the wear and tear of daily life.
- Rust, fade, and corrosion-resistant.
- Made in the USA.

## Standard Border

- 4"x4" vinyl sleeve borders.
- Accommodates only square corners; does not allow rounded corners or curves.

**Our 4"x4" vinyl sleeve border helps keep rubber mulch contained in play area.**

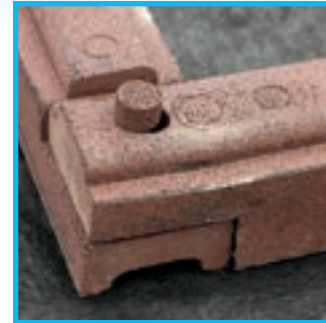

Mulch and border availability may vary depending upon what your representative has to offer. Ask your representative for details.

*Optional heavy-duty fabric base under the mulch prevents weeds and still allows drainage. Please kill weeds and grass prior to putting down fabric base.*

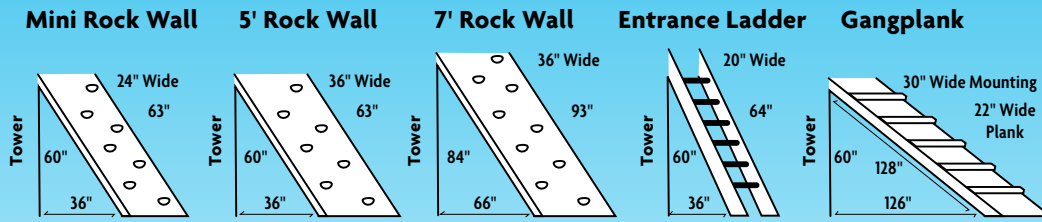

## Rubber Curbing

- Available in 6' lengths and 4" heights; when interlocked you will lose approximately 4" off the 6' length.
- Made from 100% recycled tire rubber.
- Allows for rounded corners and curved designs.

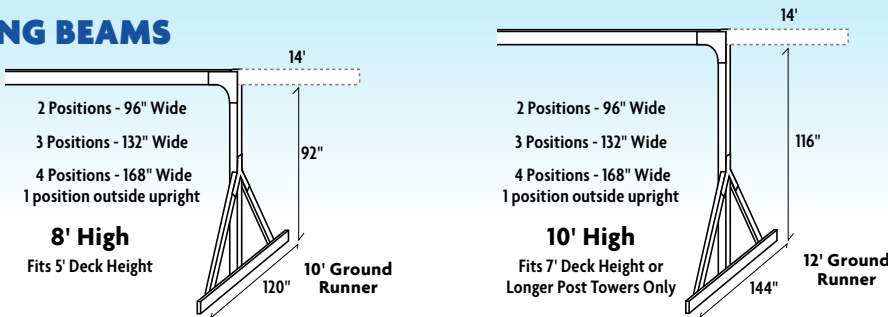

## ACCESS

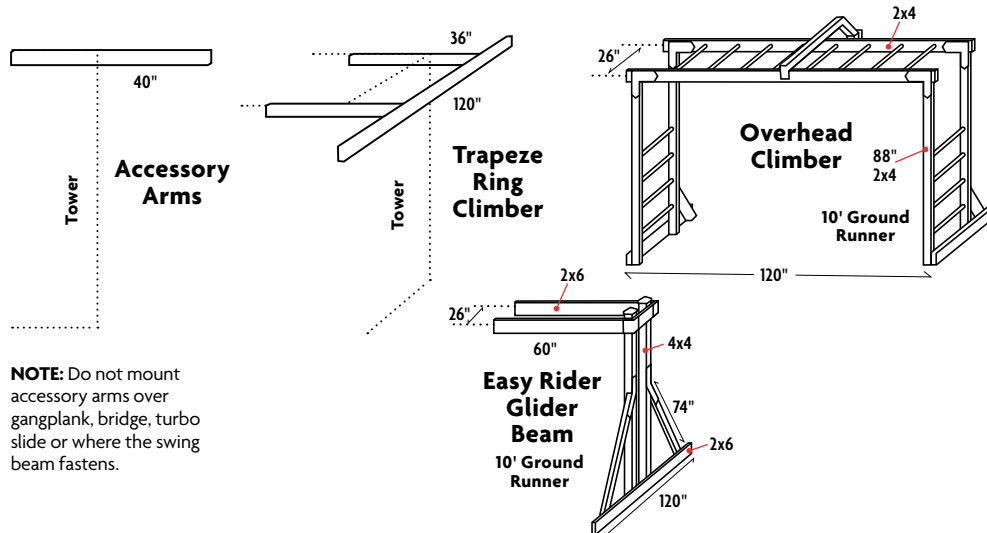

## CONNECTORS

## SWING BEAMS

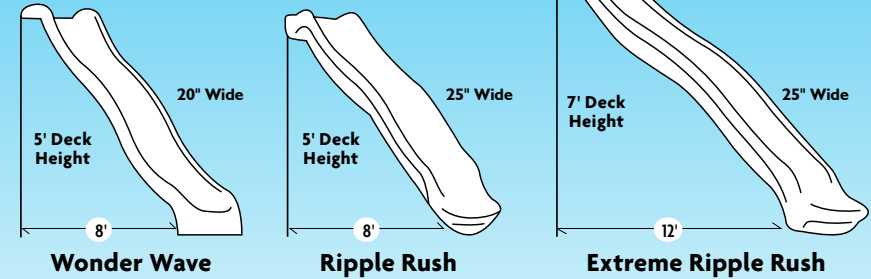

- Swing hangers are mounted on beam approximately 18" apart
- NOTE FOR GLIDER: On a single beam, put the glider adapter in the first position next to the tower.

**NOTE:** Do not mount accessory arms over gangplank, bridge, turbo slide or where the swing beam fastens.

# PARTS DIMENSIONS

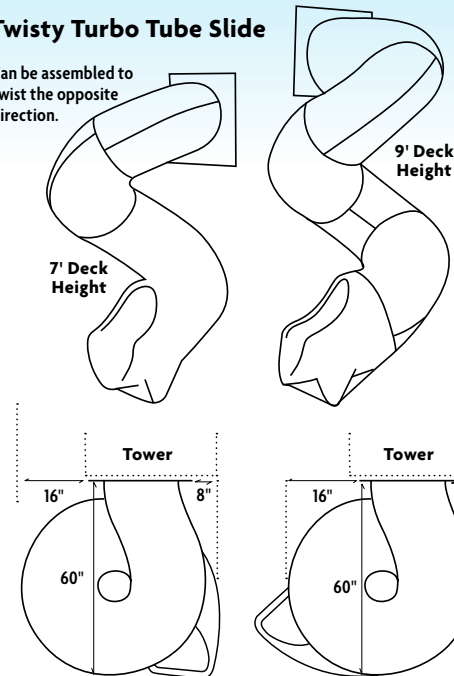

## SLIDES

## TUBE SLIDES

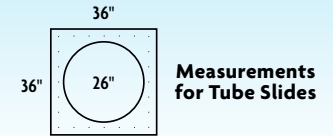

### Twisty Turbo Tube Slide

Can be assembled to twist the opposite direction.

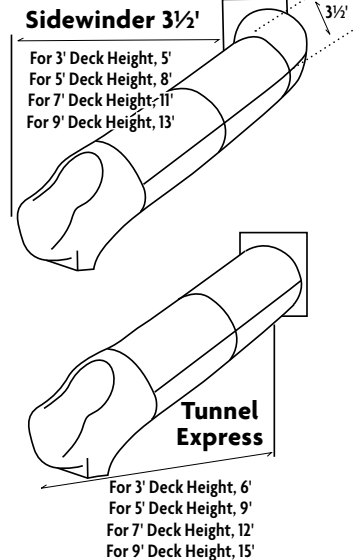

**NOTE:** You will need the step and slide adapter to mount a twisty turbo, extreme ripple rush slide on any 5 ft. deck.

**NOTE:** The tube slide comes past the tower. You do not want to put swings on this side of tower unless you do not hang a swing on the first position.
